Frequently Asked Questions

How do I enroll my child?
Students must attend Donovan Middle School or Kernan Elementary School to be eligible to receive services from the School-Based Health Center. Parents must complete an enrollment form to register their child.

How much does enrollment cost?
There are no out of pocket expenses to the child or family. The student’s health insurance will be billed for services received at the School-Based Health Centers.

What if my child is not covered by health insurance?
The School-Based Health Centers will provide referrals to facilitate enrollment into Child Health Plus.

What if my child already has a primary care physician?
The School-Based Health Centers will work in collaboration with the current health care provider.
School-Based Health Center

An Overview

The School-Based Health Center is a unique venture between the Utica City School District and Community Health and Behavioral Services, a program of Upstate Cerebral Palsy. With no out of pocket expense to students or their families, the School-Based Health Center provides comprehensive primary health care services exclusively to enrolled students in participating schools.

Staffing includes: a full time provider, a supervising physician and a full time licensed practical nurse.
