

The 23rd Annual Buddy Walk

Each year, the funds raised at the Buddy Walk support our mission through scholarships awarded in Oneida and

Herkimer counties and an educational conference for families and professionals.

We also promote awareness and acceptance through various events and activities and through our support of NDSS.

Buddy Walk®!

The Buddy Walk® was developed by the National Down Syndrome Society in 1995 to celebrate Down Syndrome Awareness Month in October and to promote acceptance and inclusion of people with Down syndrome.

We are proud to be among the nation's largest, so it is with much gratitude for all our walkers that we celebrate the

23rd Annual Buddy Walk®.

UPSTATE CEREBRAL
PALSY

Buddy Walk® Pledge Form

Approximately 6,000 babies are born each year with one extra chromosome. This genetic change is known as Down syndrome.

Little is known about this change, but it is a fact that children with Down syndrome benefit from the same care, attention and inclusion in community life from which all children learn. The Mohawk Valley Down Syndrome Group and The Buddy Walk®

provide support for families and the inclusion and acceptance of people with Down syndrome.

This event provides an opportunity to understand, appreciate and see these people for who they truly are . . . *Able, Unique, Gifted and Diverse!*
